

Hari Om.

Dear Parent,

The State of Telangana is conducting the MR vaccination programme as part of the national strategy to eliminate Measles and control Rubella (Congenital Rubella Syndrome-CRS) in the country. WHO and UNICEF are also closely associated with this programme which targets children from 9 months up to 15 years of age.

This is to inform you that a team of officials and a doctor deputed by the state will be camping in our Vidyalaya on 13<sup>th</sup> September 2017 as a part of this initiative to administer the MR vaccine to the students. **The Vidyalaya is no way responsible for the administration of the vaccine nor for any reactions after the vaccination.**

Please note the following: this vaccine can be taken regardless of any previous vaccination status or history of measles/rubella-like illness,

- child must have a good breakfast before being vaccinated and**
- parent must be with the child during vaccination.**
- parent may take the child back home after the vaccination, if necessary.**

**Please refer to attachment for Consent Form.**

With regards

Ch.B.S.Vani

Principal

**(Please fill in the Consent Form to state your willingness to get your child vaccinated in the Vidyalaya. Send the filled in form to the class teacher through your ward by tomorrow without fail. The consent form is also available on the Vidyalaya website ([www.chinmayavidyalayahyderabad.org](http://www.chinmayavidyalayahyderabad.org)) which can be downloaded.**

**Consent Form**

I \_\_\_\_\_, Father/Mother of
